

Riverflat A · Kōwhai Downs, Nelson · 24.6 ha

Seasonal crop recommendation

Prepared by Agricultural advisory team

LEAD RECOMMENDATION

Maize grain

Plant maize grain as the lead option, subject to final contract pricing and a pre-plant soil check.

\$1,180 margin / ha **13.2 t** yield / ha **92** fit score

Alternative options

Feed wheat

87/100 · \$860/ha

Feed barley

81/100 · \$740/ha

Process peas

76/100 · \$690/ha

Soil summary

pH 6.4 (optimal), 3.8% organic matter and silt loam texture.

Climate summary

Near-normal rainfall and a warmer spring indicate a favourable establishment window.
